A JOURNEY OF  
WELLBEING & REJUVINATION

---

## SIGNATURE TREATMENTS

---

### MOROCCAN RITUAL

‘A unique treatment that is only available at Valeni throughout Pelion’

Starting with an authentic traditional exfoliation, using natural black olive soap and eucalyptus essential oils, the treatment continues with an intense massage with the 'Kessa' glove to remove dead cells, rejuvenate and detoxify the skin whilst also activating and increasing blood circulation. The treatment is completed with a mixture of Shea butter, almond oil and essential oils being applied.

### SCRUB & MASSAGE

‘The rejuvenating recipe with eastern fragrances’

Enjoy a body treatment that includes aromatic exfoliation with a fruity scrub, enriched with honey and royal jelly. The firming action of the alum stone, together with the nutritive and regenerative properties of honey, leaves the skin feeling soft and smooth. The treatment is completed with a totally relaxing body massage with wonderful eastern aromas to help you completely relax and forget about your daily routine.

### ROYAL ORIENTAL MASSAGE

‘The absolute combination of massage techniques’

For those who love variety, the Royal Oriental body massage includes a combination of Thai massage, Swedish massage, reflexology, deep tissue and sports massage. Let yourself go in the hands of our therapists and be immersed into tranquility and relaxation.
